

Jeremy Gallardo

EXPERIENCE

Midwest Aerospace LLC - System Administrator

Merrillville, Indiana • 08/2025 - Current

- Deployed and maintained an **IT Asset Management (ITAM) and ticketing system (GLPI)** to centralize inventory tracking, automate ticket workflows, and improve support response times.
- Designed and implemented **Azure Virtual Desktop (AVD)** infrastructure to transition from on-prem/hybrid environments to scalable cloud-based remote access.
- Manage **Microsoft 365, Azure, and Active Directory environments**, including Exchange Online, SharePoint, and identity/access management.
- Automated device provisioning and policy enforcement using **Microsoft Intune**, reducing manual setup time and improving endpoint compliance.
- Developed **PowerShell and Azure automation scripts** to streamline user provisioning, group assignments, reporting, and administrative tasks.
- Provide **end-user support through ticketing systems**, troubleshooting hardware, software, and network issues while maintaining high service availability.
